

LANTRA

LandSkills North East

Are you a farmer or forester in the North East?

You could benefit from up to 70% funding towards training with LandSkills North East.

Get your hands on the funding and improve:

- The health and welfare of your livestock
- Resource efficiency
- Your use of nitrates and pesticides
- Management of waste
- Supply chains and marketing
- Environmental land management
- Business management
- Succession planning
- Risk management
- The response to the challenges of climate change
- And much more

LandSkills North East is part of the Rural Development Programme for England and works with a network of training providers so you can get the training you need to enhance the success of your business.
