## Equine Management

# Mapping Lantra Awards to BTEC Level 3 Nationals in

## Equine Management

**Pearson BTEC** and **Lantra Awards** have teamed-up to offer your Level 3 learners comprehensive study programmes designed around specific land-based occupations offering your learners additional key work-based skills to help them pursue a career in this sector.

This exciting new combination means **BTEC Level 3 Nationals** learners can:

- acquire the key industry skills, knowledge and regulatory certification employers in this sector expect and look for
- cover some of the content for the Lantra Awards legislative tests within their current BTEC study programmes
- be confident they have the skills they will need to get their career off to the best possible start.

This mapping document will help you see what's already covered within your BTEC Nationals specification and any additional requirements needed in order to deliver specific Lantra awards.

### Contents

The following Lantra Awards courses complement your BTEC Nationals in Equine Management course:

- ▶ **Lantra Awards Technical Award in Safe and Effective Use of Veterinary Medicines**
- ▶ **Lantra Awards Level 2 Award in Animal Transport by Road**
  - Short road journeys
  - Long road journeys - Attendant
  - Long road journeys - Driver

## Lantra Awards Technical Award in Safe and Effective Use of Veterinary Medicines

### Assessment Criteria **mapped** to BTEC Level 3 National in Equine Management Units

**NB:** Mapping for this Award is from Lantra Learning Outcomes only, not from assessment criteria.

Lantra Learning Outcome	BTEC Unit Title	BTEC Learning Aim
1. Know the legislation concerning the health and welfare of animals	Unit 6: Equine Health and Husbandry	<b>A: Explore management procedures to safely promote the health and safety of equines</b> A1 Health and safety A2 Equine health indicators A3 Equine illness and injury
2. Know the basics of infectious, parasitic and nutritional disease	Unit 3: Managing Equine Disease	<b>A: Pathogens and parasites that cause common diseases and disorders in equines</b> A2 Equine diseases resulting from pathogens and parasites  <b>B: Prevention, management and treatment of equine diseases and disorders</b> B1 Containing and controlling disease B2 The equine immune system B3 Vaccination B4 Medication and treatments for equine diseases and disorders  <b>C: Equine health and disease management planning</b> C1 Routine maintenance of equine health C2 Features of equine health and disease management plans
6. Know about safety considerations and reporting adverse events	Unit 6: Equine Health and Husbandry	<b>A: Explore management procedures to safely promote the health and safety of equines</b> A1 Health and safety
8. Know the importance of good record keeping	Unit 6: Equine Health and Husbandry	<b>A: Explore management procedures to safely promote the health and safety of equines</b> A1 Health and safety

## Lantra Award Assessment Criteria **not covered**

### Lantra LO

3. Understand the quality, safety, efficacy criteria of veterinary medicines

4. Know the legal categories of medicine

5. Know how to store medicines correctly

7. Understand withdrawal periods for veterinary medicines

9. Know how to administer medicines correctly

10. Understand the role of a Suitably Qualified Person (SQP) and the need for responsible prescribing

## Lantra Awards Level 2 Award in Animal Transport by Road

### Principles of transporting animals by road on short journeys

Assessment Criteria **mapped** to BTEC Level 3 National in Equine Management Units

Lantra Learning Outcomes	Lantra Assessment Criteria	BTEC Unit Title	BTEC Learning Aim
1. Know how to transport animals by road on short journeys	1.1. Describe the legal requirements covering animal health and welfare during transportation	Unit 7: Preparation and Presentation for Competition Disciplines	<b>A: Understand horse and rider turnout requirements for competitive sporting disciplines</b> A1: Tack, equipment and transportation method A2: Pre-competition preparation  <b>C: Undertake the preparation of horses and vehicles for transportation</b> C1: Preparation of transportation vehicle C2: Preparation of horses for travelling C3: Loading and unloading horses safely C4: Maintenance of horse transportation vehicles
	1.4. State the vehicle requirements for transporting animals		
	1.5. Describe how to check animals for fitness to travel.		
	1.6. Identify the causes and signs of stress in animals.	Unit 7: Preparation and Presentation for Competition Disciplines	<b>A: Understand horse and rider turnout requirements for competitive sporting disciplines</b> A1: Tack, equipment and transportation method
		Unit 8: Equine Behaviour	<b>A: Understand horse and rider turnout requirements for competitive sporting disciplines</b> A2: Pre-competition preparation  <b>B: Examine the relationship between natural equine behaviour and equine learning in a domesticated context</b> B2: The impact of environmental perception on equine behaviour B4: Equine behaviours B5: Types and causes of abnormal behaviours  <b>C: Carry out investigative observations of equine behaviour to support the management of their health and welfare</b>

			<p>C1: Observing equine behaviour</p> <p>C2: Treatment and prevention of abnormal behaviour</p>
	1.8. Explain the requirements for handling and welfare in transit.	<b>Unit 7: Preparation and Presentation for Competition Disciplines</b>	<p><b>A: Understand horse and rider turnout requirements for competitive sporting disciplines</b></p> <p>A1: Tack, equipment and transportation method</p> <p>A2: Pre-competition preparation</p> <p><b>C: Undertake the preparation of horses and vehicles for transportation</b></p> <p>C1: Preparation of transportation vehicle</p> <p>C2: Preparation of horses for travelling</p> <p>C3: Loading and unloading horses safely</p> <p>C4: Maintenance of horse transportation vehicles</p>

## Lantra Award Assessment Criteria **not covered**

Lantra Learning Outcomes	Lantra Assessment Criteria
1. Know how to transport animals by road on short journeys	1.2. Identify the responsibilities for transporting animals before, during and after transportation
	1.3. Describe how to effectively plan and implement the transportation of animals
	1.7. Describe the space allowances, stocking densities and segregation requirements.
	1.9. Identify journey and post-journey requirements

## Lantra Awards Level 2 Award in Animal Transport by Road

### Principles of transporting animals by road on long journeys - Attendant

Assessment Criteria **mapped** to BTEC Level 3 National in Equine Management Units

Lantra Learning Outcomes	Lantra Assessment Criteria	BTEC Unit Title	BTEC Learning Aim
1. Know how to transport animals by road on short journeys	1.1.
