

Multihog Operator Basic Training (Skills Card)

At a glance...

Assessed Customised Provision

Duration Notes:	1 day
Recognised by:	Lantra Awards
Prerequisites:	UK Full Driving License class B (+ E if wanting to tow a trailer)

Introduction

The Lantra accredited Multihog Vehicle Operator Basic training programme has been designed to give trainees the appropriate skills and associated knowledge required to safely operate a Multihog vehicle.

Overview in brief

This Lantra-accredited Customised Award is exclusively developed and delivered by a Lantra-approved Training Provider, who meets our quality standards. The course is specifically tailored to meet learners' needs. For further details about the course content and delivery locations, please contact the Training Provider using the details provided below.

The minimum age to undertake this course is 16.

The Lantra accredited Operator Training programme has been designed to give Novice operators the basic practical skills and associated knowledge required to safely operate the machine & and a very short induction into its attachments.

The training programme also gives the operator awareness of potential risks and hazards associated when operating the

vehicles & attachments in a working environment.

The finer details

The attendees of this programme will be trained & given the opportunity to gain a small amount of experience in the following areas:

- The applications of the Multihog vehicle under normal working conditions, covering simple tasks of all the equipment operations
- Experiencing and Knowledge of all the equipment maneuverability
- Instruction as to the daily care of the vehicle
- Becoming familiar with the correct loading & unloading of the attachments onto the Multihog Vehicle
- Gaining a small amount of experience into the best usage of the Multihog vehicle.

Who should attend?

Anyone who is required to operate the Multihog range of vehicles or anyone involved with maintaining the equipment and/or changing the vehicles attachments.

What will be covered?

The Multihog MH, MX & CX Range Training Programme which has been accredited by Lantra has been designed specifically for the Multihog Vehicle operators and focuses on:

- The safe operations of the machine
- The operation of the vehicle & the interface with its attachments
- Daily operator checks for the machine & its attachments
- Set up & use (including some practical training) of all attachments purchased with the MH90 machine.

Our representatives who deliver the programme are fully qualified instructors who have been accredited by Lantra to deliver the training.
