

AMBP Vets Resource Centre (E-Learning)

At a glance...

E-Learning

Delivery Method:	E-learning
Recognised by:	Red Tractor
Recertification Period:	2 year recommendation

Introduction

These training materials improve the co-ordination and consistency in approach to the responsible use of medicines on farm.

Overview in brief

The Vets Resource Centre is an online portal for Vets to access training materials, workbooks, templates certificates and attendance sheets for those delivering training to the AMBP standards.

The finer details

There is a minimum requirement for a learner to complete at least 3 modules for Beef and Dairy. This must include two core modules, plus at least one focus module. The focus module is selected from a choice for each species. Pig and Sheep have only one focus module.

Who should attend?

Any veterinary practice can purchase a log in to the Vets Resource Centre. The resource centre is available on a one licence to one practice basis.

What will be covered?

- Instructions for use
- AMBP 'Train the Trainer'
- Training Modules in PowerPoint
- High Quality Workbooks
- Quiz questions
- Certificate template
- Attendance sheet

You must complete at least one of these modules in addition to the core modules to complete this course.
