At a glance...

Qualification

Duration Notes: 1 day

Prerequisites: This qualification will be suitable for those currently in employment looking to enhance/update their skills and is also designed for those looking to progress into work and develop their career.

Introduction

The aim of this qualification is to ensure that learners are able to safely complete work tasks at height.

These qualifications are requirements for Professional Users to operate chainsaws in the UK.

Overview in brief

This Qualification is intended to offer learners who will be accessing a tree using Stationary Rope Work Positioning the opportunity to achieve a recognised National Qualification that reflects the National Standards for the type of role they perform.

The finer details

The Qualification is based on Lantra National Occupational Standards (NOS) and contains one mandatory Lantra RQF unit. This ensures that personnel working within the industry meet the minimum required standards.

The qualification will provide the learner with the knowledge, understanding and skills

required for using Stationary Rope Work Positioning.

Individuals may undertake training from a variety of sources; however, to achieve the qualification they must be assessed against all of the Learning Outcomes and Assessment Criteria set out in the qualification.

This Qualification Specification provides information for Provider staff involved in the planning, delivery and assessment of the Lantra Awards Level 3 Award in Stationary Rope Work Positioning and Rescue.

Quality Assurance policies are in place to ensure that all assessments meet the independent assessment requirements for this sector.

Who should attend?

This Qualification has been designed for individuals to develop their knowledge, understanding and skills for accessing a tree using Stationary Rope Work Positioning and will enable them to work safely, effectively and efficiently in the workplace.

What will be covered?

The qualification aims to:

- Ensure learners have an understanding of legislation and standards related to Stationary Rope Work Positioning
- Assess the Learners ability to effectively complete risk assessments
