

Scaffolding Inspector (Skills Card)

At a glance...

Assessed Customised Provision

Recognised by: Lantra Awards

Prerequisites: Experience with scaffolding is an advantage.

Introduction

The aim of this course is to provide participants with the knowledge, skills and attitude to enable them to inspect and examine scaffold, to ensure it is put up in a safe manner.

Overview in brief

This Lantra-accredited Customised Award is exclusively developed and delivered by a Lantra-approved Training Provider, who meets our quality standards. The course is specifically tailored to meet learners' needs. For further details about the course content and delivery locations, please contact the Training Provider using the details provided below.

The minimum age to undertake this course is 16.

The aim of the Scaffold Inspection Training Course is to provide participants with the knowledge, skills and attitude to enable them to inspect and examine scaffold, to ensure it is put up in a safe manner. It also enables the participants to complete GA3 forms.

Please note this course does not cover the erection of scaffold.

The finer details

The course is delivered through a combination of classroom-based tutorials and practical training. Our Inspection Training and assessment programme enables experienced candidates to gain the necessary training. Successful Training Course candidates will be certified after demonstrating their skills and knowledge.
