Introduction

This E-Learning course provides training for the Animal Transport by Road level 2 qualification by Lantra (short journey only).

Overview in brief

This e-learning course provides the training content. Here you can learn the information you need for the Animal Transport by Road qualification (short journey only). You can access the information presented as often as you like.

The assessment for the qualification will need to be booked separately - there are instructions on how to do this at the end of the course.

The finer details

This course contains audio and will require the use of speakers or headphones.

- Our course is for drivers, attendants and assembly centre staff who handle animals

- You'll be assessed in all the key regulatory and safety issues
- It will enable you to work towards achieving a national Level 2 qualification
