

# NI Deer Stalking Training Course

## At a glance...

### Assessed Customised Provision

Recognised by:	Police Service for Northern Ireland and Food Standards Agency Northern Ireland
Prerequisites:	Prior study of online training manual required - please speak to training provider for more information.

## Introduction

The Country Sports Ireland NI Deer Stalking Training Course has been developed by leading experts to specifically meet the training needs of those people who wish to participate in deer stalking in Northern Ireland.

## Overview in brief

***This Lantra-accredited Customised Award is exclusively developed and delivered by a Lantra-approved Training Provider, who meets our quality standards. The course is specifically tailored to meet learners' needs. For further details about the course content and delivery locations, please contact the Training Provider using the details provided below.***

The minimum age to undertake this course is 16.

This course covers all relevant aspects of Northern Ireland's firearms, wildlife, animal welfare and food safety laws. There is also substantial content on safe and accurate shooting, deer biology, species identification, common parasites and diseases found in wild deer species in Northern Ireland.

The Country Sports Ireland NI Deer Stalking Training Course is accepted by the Police Service for Northern Ireland as part of the criteria for issuing a firearms certificate to

enable possession a deer legal calibre rifle for hunting purposes. The Country Sports Ireland NI Deer Stalking Training Course is also accepted by the Food Standards Agency Northern Ireland as meeting the requirements of EU regulations relating to training of persons who hunt wild game with a view to placing it on the market for human consumption. Therefore, successful learners will be able to supply wild deer carcasses to an Approved Game Handling Establishment.

## The finer details

Every learner receives free access to a unique online training manual upon booking and also attends a two-day training course which includes detailed presentations and practical demonstrations covering all relevant aspects of deer stalking and management of wild deer species in NI.

There are three aspects of assessment:

1. Written Assessments – multiple choice written assessments
2. Shoot Assessment – using a deer legal calibre rifle
3. Safety Assessment – a simulated stalk under supervision of instructor

Successful learners will receive a certificate of competence.

## Who should attend?

Those who:

- Wish to substantially develop their knowledge of wild deer and deer stalking.
- Intend applying to the PSNI for a firearms certificate to enable possession of a deer legal calibre rifle.
- Intend to supply deer carcasses to an Approved Game Handling Establishment.

## What will be covered?

The Country Sports Ireland NI Deer Stalking Training Course will cover the following:

- Basic deer management
- Deer species, identification anatomy, physiology and behaviour
- Legislation - firearms, wildlife, animal welfare
- Safety
- Ballistics and factors contributing to shooting performance
- Trained hunter – game meat hygiene rules
