

Safety Representative in the Workplace

At a glance...

Modular customised provision

Recognised by: Lantra Awards

Introduction

This programme is designed for existing or aspiring safety representatives who intend to take up the position of safety representative or people seeking to broaden their understanding of health and safety generally.

Overview in brief

This Lantra-accredited Customised Award is exclusively developed and delivered by a Lantra-approved Training Provider, who meets our quality standards. The course is specifically tailored to meet learners' needs. For further details about the course content and delivery locations, please contact the Training Provider using the details provided below.

The minimum age to undertake this course is 18.

This Safety Representative Training course aims to give participants the necessary skills and knowledge to become an effective and efficient safety representative.

This course has been designed to equip learners with the necessary skills and knowledge to work effectively as a safety representative within their organisation.

On successful completion of the course delegates understand the functions and entitlements of safety representatives and understand accident causation, investigation and prevention principles.

The delegates will also be in a position to carry out and report on safety inspections, explain the main health and safety risks within the work environment.
