Introduction

This Code of Practice, which applies throughout England, Wales and Scotland, is intended to provide a nation-wide standard that is recognised by both industry and the police authorities alike.

Overview in brief

This Lantra-accredited Customised Award is exclusively developed and delivered by a Lantra-approved Training Provider, who meets our quality standards. The course is specifically tailored to meet learners' needs. For further details about the course content and delivery locations, please contact the Training Provider using the details provided below.

The minimum age to undertake this course is 21.

The term self-escorting applies to either a haulier or a private company engaged by a haulier escorting an abnormal load or an abnormal vehicle.

The finer details

Self-escorting offers greater flexibility for scheduling moves and therefore should enable loads to travel at off peak times when there is less traffic. This will both reduce traffic disruption to other road users and improve journey times for the haulier.

Who should attend?

Anyone who is involved in the moving of abnormal loads , from the Transport manager, drivers , banksman , escort vehicle driver, everyone who is involved in the task of moving large loads.

What will be covered?
