

Subject: FISS/CSCS card claims using SSSTS and SMSTS courses
Date: 27th March 2024

Currently FISS/CSCS cards that are being claimed using SSSTS and SMSTS courses are not accepted if it has not been completed within 2 years, as stated in the FISS/CSCS Scheme Booklet.

This can cause an issue where the H&S course and FISS card do not align and this problem can then be compounded as you cannot renew SSSTS or SMSTS courses sooner than 12 months of the expiry date, resulting in a period of time where the cards cannot be claimed with these courses.

In line with CSCS, Lantra will now offer the option below to give individuals the opportunity to align their H&S with their FISS card.

Short-term sacrifice: rather than issue a 5-year card, Lantra (FISS/CSCS) can issue a card that will coincide with the expiry date of the SSSTS and SMSTS course.

Important note:

SSSTS (Site Supervisor Safety Training Scheme) courses can only be used to claim Blue and Gold FISS/CSCS cards.

SMSTS (Site Manager Safety Training Scheme) courses can only be used to claim Gold and Black FISS/CSCS cards.
