News Update: Instructor test condition checklist

Lantra would like to notify that we have created a test condition checklist for instructors to complete after they have delivered a training course, prior to them completing the course test. This checklist is an aide to the instructor to prompt them to ensure that full exam conditions are observed at all times.

Please can you ensure a copy of this checklist is submitted to Lantra alongside the Form 09 attendance sheet and QF251 sign off sheets when claiming for training courses.

The checklist can be found on Quartzweb under the NHSS documents in order for you be able to download it.

Kind regards

NHSS Quality assurance team.
