

Introducing Our New Online Learner Hub

Access your industry recognised e-certificates and e-cards on Lantra's new online Learner Hub.

When you create an account, all your e-certificates and e-cards will be automatically uploaded.

E-cards can be downloaded for FREE via the Apple Wallet or PassWallet for Android.

At a later date historical records will also be available on the Learner Hub.

Why Choose Digital?

Convenience

Digital e-cards and e-certificates can be accessed and stored on your smartphone, tablet or laptop, so it's much quicker and easier to download and show them when visiting work sites.

Recognised by Industry

The Health and Safety Executive (HSE) are one of the many major organisations who recognise both physical and digital e-certificates and e-cards, so there's no need to worry about validity.

Sustainability

We're committed to reducing our carbon footprint. We're moving to digital to ultimately help reduce the use of plastic and paper. Hard copies will be available for a limited time while we transition to fully digital.

How Does the Hub Work?

- ✓ When you've completed a Lantra training course or qualification, you will be issued with an e-certificate, which will be automatically uploaded to your account
- ✓ This should be with you within two weeks of completing your course. If you don't receive it, please contact your training Provider directly
- ✓ Your e-cards will be available to download for free to your chosen wallet app. You can then digitally display your e-card at work sites.
- ✓ Each time you complete a new course or qualification, your e-card(s) will automatically be updated in the Hub.
