

E-Portfolio Update

Dear all,

Please note that your E-Portfolio will be updated on **18 March 2019** to reflect all the feedback that we have received from you.

Predominantly we will be re-wording some sections to make it easier for Candidates to understand and adhere to proposed instructions. In addition, various sections will be coming down in ranking, which means you will need to demonstrate a lower self-ranking level.

We have also decided to split up some sections, which means you may see more sections, however these have been split up to make it easier for Candidates to discuss certain aspects. We are not adding new section requesting new information!

Please see the full discussion of what will be changing.

What does this mean for me if I have started my E-Portfolio?

If you have started your E-Portfolio, you will notice some 'NEW' sections, that have been split off from the sections that you have already completed. The sections will be clearly marked.

Please read through the 'new' sections and copy and paste from your main section any information that you feel directly answers that particular question.

If you have any questions, please don't hesitate to get in touch with us. We would be happy to answer any questions that you have.

Thank you for all the great feedback that you have provided over the years and hopefully we can continue to make progress together.
