**Changes made in current month's issue:**

**NONE**

**Levy**

From 1 April 2021 for 6 months, Lantra will charge a £1.50 levy per person which we will also match fund. The fund will be used to pay for:

- Training and development costs for new instructors in certain specified skills
- Supporting Providers to mentor new Instructors
- Funding instructional techniques courses

This fund will be accessible for instructors who are approved from 1 April 2021 but who may have commenced the approval process earlier. It may not be claimed if other regional funding is available.

The levy will be added to only those products marked in the product directory as we are focussing on key skills groups and will support instructors in these areas with the levy.

New products in month are listed in GREEN

The opportunity to develop Customised Provision is designed to enable Providers to offer their own bespoke training and/or assessment to employers/colleges/individuals who will then receive Lantra Awards accredited certification. Any materials that support the provision are held and distributed by the Provider. If you are interested in any course listed below, please make direct contact with the Provider who will issue further information. If you are interested in developing your own Customised Provision please contact sales@lantra.co.uk or call 02476 696996
